Cortland Enlarged City School District
District-Wide Safety Plan

INTRODUCTION

District-Wide Safety Plan: This District-Wide Safety Plan has been developed to comply with the mandates of the Safe Schools Against Violence in Education Act (“Project SAVE”) and the Regulations of the Commissioner of Education at 8 NYCRR Section 155.17(c). This plan shall be reviewed on an annual basis on or before September 1st of each year.

Board of Education Approval: The Board of Education appointed a District-Wide School Safety Team, comprised of representatives of the school board, administrators, faculty, staff, parent organizations, students, school safety personnel and other individuals, to develop the plan. It provides standard procedures to guide staff and students of the Cortland Enlarged City School District when responding to an emergency. It also sets forth the required drills to keep staff and students familiar with the standard response procedures. This Plan was adopted by the Board of Education on September 14, 2021 and submitted to the State Education Department on Sept 15, 2021.

Scope of Plan: Emergency situations can range from man-made problems such as power outages, fires and bomb threats to natural disasters like blizzards and floods, and may present highly dangerous situations or mere inconveniences. In an emergency situation, the District’s priorities are first the protection of life, then preservation of property, and restoration to normal activities. This Plan and the Building Level Emergency Response Plans describe procedures for a variety of emergencies. Obviously, no plan can cover all possible emergencies. Therefore, District officials are to use their judgment and discretion in responding to an emergency in a manner consistent with the provisions of this Plan and the applicable school Building Level Emergency Response Plan in a manner that will minimize loss of life, personal injury and property damage.

Project SAVE requires that this Plan include policies and procedures on several prescribed topics. In some instances, only a general policy on a prescribed topic is described for the District as a whole. Specific emergency responses to various contingencies (i.e., bomb threats and dangerous persons), and the confidential procedures to implement such responses, are included within the Building Level Emergency Response Plans specific to each school.

Building Level Plans: Building Level Emergency Response Plans have been developed to comply with Project SAVE and updated NY Safe School initiatives to establish specific emergency response plans for each school building. These Building Level Emergency Response Plans provide detailed response procedures for each school building in the District. In contrast to this Plan, which is accessible to the public, the Building Level Emergency Response Plans are confidential and not subject to disclosure under Article 6 of the Public Officers Law, the Freedom of Information Act, or any other provision of law, in accordance with Education Law, Section 2801-a. Therefore, the Building Level Emergency Response Plans provide a confidential means to outline sensitive emergency procedures not included herein.

INTRODUCTION - Building Level Plans - continued

Such plans comply with the requirements of Education Law §2801-a (3) and the Regulations of the Commissioner of Education at 8 NYCRR §155.17(c)(2) and have been established for each instructional facility as follows:

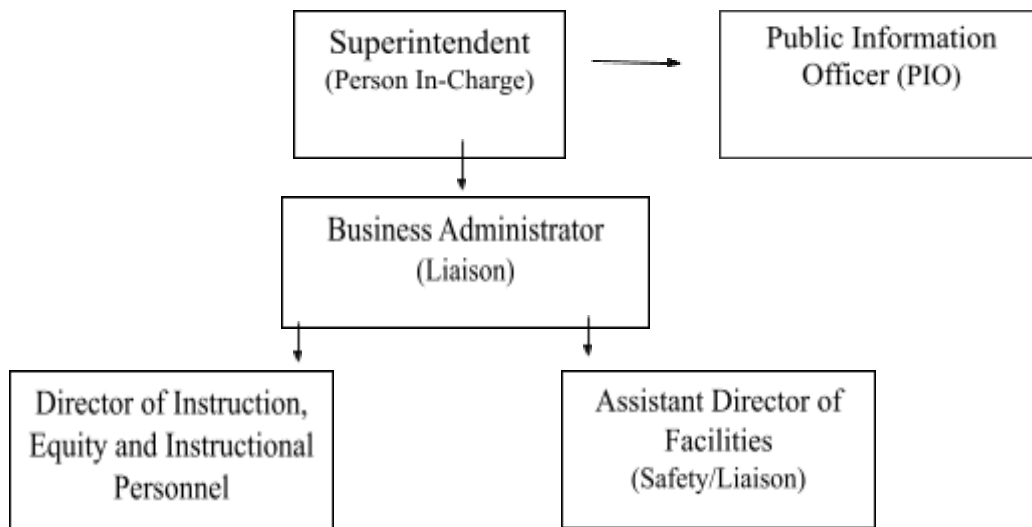

1. Cortland Jr-Sr High School
2. Barry Primary School
3. Smith Intermediate School
4. Randall Middle School

District Chain of Command: The Superintendent is the Chief Emergency Officer also referred to as the “Individual-in-Charge”. In his/her absence the responsibility will go to the next alternate person in charge as detailed below. When the Individual-in-Charge has been notified that an emergency exists, he/she will serve as “Incident Commander”, activating the appropriate procedures, directing the emergency response actions and serving as part of a unified command system with emergency responders. Administrative chain of command (person in charge) if the Superintendent is not available:

- Business Administrator
- Director of Instruction, Equity and Instructional Personnel
- Director of Special Education
- Director of Curriculum and Instruction

Command Post: If the crisis demands the necessity to establish a “Command Post”, the District Office will be used for this purpose.

Incident Command Structure:

2. POTENTIAL EMERGENCY SITES AND HAZARD IDENTIFICATION

A. MAPS AND FLOOR PLANS

Generally, the sites of potential hazards are:

1. Utility Shut-off (Gas, Water, and Electrical)
2. Chemical Storage areas
3. Mechanical Storage areas
4. Kitchen area(s)
5. Mechanical rooms (HVAC, etc.)
6. Fuel Storage tanks

The Building Level Emergency Response Plans will include map renderings and floor plans of each building. The potential hazards for each building will be clearly indicated, and are placed with appropriate agencies.

B. SURVEY OF VULNERABILITY

The buildings covered in this plan include:

1. Cortland Jr-Sr High School
2. Barry Primary School
3. Smith Intermediate School
4. Randall Middle School

We have surveyed sources of potential emergencies within our school buildings, grounds and community locations. Site-maps and floor plans of our buildings have been provided to local police and law enforcement but are kept confidential due to security reasons. Our instructional sites are all located within proximity to highways or industries. A survey of vulnerability is included in each building level plan.

Cortland Enlarged City School District
District-Wide Safety Plan

3. **STANDARD EMERGENCY RESPONSE PROCEDURES - 155.17(c)(1)(xv)**

A. GENERAL EVACUATION

Evacuations may be necessary in the event of fire, weather, other emergency, or violent incident. Upon notification of the need to evacuate, teachers should instruct students to remain calm and quiet, and depart the building in an orderly fashion according to previously established evacuation routes, or alternate routes as instructed. Notification should be made to local law enforcement and the relocation center.

1. Building occupants will be notified to evacuate the building by one of the following means depending upon the nature of the emergency:
 - (a) Fire Alarm
 - (b) Carbon monoxide (CO) Alarm
 - (c) Intercom System
 - (d) Verbal or Written Notification
2. Upon receiving an evacuation notice, faculty and staff shall survey their areas and evacuation routes for hazards in order to ensure a safe and expeditious evacuation.
3. The normal evacuation route(s) for students, faculty and staff for each school shall be specified in the Building Level Emergency Response Plan and included in the Emergency Response Bag "Gotta Go Bag". Normal evacuation routes will also be posted in each room.
4. Teachers are to bring their Daily Attendance Roster with them. Attendance shall be taken upon evacuating and again if relocated to an alternate site. Teachers may be asked to turn in their attendance roster to the Building Administrator for use at the Command Post.
5. Normal evacuation routes will be used unless the emergency prevents use of exits and/or corridors. Alternate routes may be announced using the school's intercom system. The intercom system shall not be used in situations that may endanger students/staff (e.g., barricaded gunman). In the event of power failure, the Building Administrator can direct ancillary staff to communicate alternate evacuation routes.
6. Suspicious items found must be left alone and immediately reported to the Building Administrator and/or emergency service personnel.
7. Persons evacuating should remain calm and orderly in order to prevent panic and confusion.
8. Elevators may not be used for evacuation purposes unless approved by the Building Administrator or emergency personnel.
9. All persons shall proceed to the designated assembly area and remain there until further notice.
10. Teachers must take attendance once in the designated assembly area, and are to notify the Building Administrator if a student is not present.

Cortland Enlarged City School District
District-Wide Safety Plan

3. STANDARD EMERGENCY RESPONSE PROCEDURES - 155.17(c)(1)(xv) - continued

A. GENERAL EVACUATION - continued

11. Any time teachers have to relocate their class, attendance should be taken before departure and upon arrival. If students are to be evacuated off-campus, teachers are to take attendance before students begin loading on the buses and once the buses are loaded, to assure that all students are accounted for.
12. Occasionally, there may be a need to relocate students from the assembly area to a predetermined Relocation Center. If evacuation is ordered beyond the assembly area, students will be evacuated by bus either to their homes or a safe location. The decision to evacuate the assembly area will be made by the Incident Commander upon consultation with the Superintendent.

Students will not be allowed to go home on their own (i.e., walking or in personal vehicles). A parent or a pre-arranged surrogate may sign a Student Release Form and pick up their child at the designated reunification site.

13. The School Nurse will have a medical alert list and supplies readily available at all times. For supplies not on hand, the School Nurse will be prepared to make arrangements to provide medical assistance at the relocation site or along the evacuation route as necessary in coordination with the Building Administrator and the Incident Commander.
14. Building Administrators will follow directions received from the Superintendent and/or the Incident Commander. Principals will determine when staff may be permitted to leave after their students have been safely released and they are no longer needed for emergency duties.
15. In the event of an evacuation, special care must be taken to ensure that persons with disabilities are safely transported out of the building. Each Building Level Emergency Response Plan shall have a list of students with special needs and the persons who have been designated to assist them.
 - An Assisted Evacuation Plan is in the Building Level Emergency Response Plan. This plan should include every child or staff member who has limited mobility and will be reviewed as necessary when students and personnel change.
 - In case of an emergency where evacuation or a long-term stay on-site is required, the Supervisor(s) of Special Education (Pre-K–6 and/or 6–12 grades) and designated staff will respond to a Relocation Center or designated assembly area to assist students with special needs and staff who serve them.
 - If coordinated services are required from outside agencies that specialize in dealing with students with disabilities, the Supervisor(s) of Special Education and or designated staff will act to facilitate the use of such groups.

District-Wide Safety Plan

3. STANDARD EMERGENCY RESPONSE PROCEDURES - 155.17(c)(1)(xv) - continued

B. SHELTERING

Not all emergencies will require building occupants to get out and go somewhere else. A **sheltering procedure** is appropriate for situations when it is necessary to hold students in an inside designated area temporarily during an emergency until things can be returned to normal or dismissal can be arranged. Protocols for a sheltering response for each school building are in the Building Level Emergency Response Plans. General procedures are as follows:

1. Upon receiving instruction from local, county or state governmental emergency response agencies the Superintendent shall notify the Building Administrator(s) of the need to initiate the Sheltering Plan.
2. If an incident occurs near school and the Building Administrator is the first to be informed, he or she shall make a decision, based upon the nature of the emergency or upon the direction of local emergency commanders, whether to shelter all students and staff inside the school building. The Building Administrator shall inform the Superintendent and the 911 Control Center of the determination.
3. Upon notification of an emergency or the exercise of a drill, the Building Administrator shall instruct students and staff to report to the designated 'inside' assembly area. Faculty are to bring their class roster with them and maintain charge of their class in the designated location unless otherwise directed.
4. During sheltering for certain types of air pollution problems, chemical spills or radiological emergencies, windows should be closed and ventilation systems and outside air intakes should be shut down.
5. The Building Administrator will assign appropriate duties to selected staff members and custodian, to include securing the building.
6. Students/staff will remain inside the building until the Building Administrator is advised by the Incident Commander or Emergency Management Authorities to take further action.
7. If such procedure necessitates remaining in school after hours, the Superintendent, or designee, will issue a public notice to this effect through the local news media. Parents will be advised as to appropriate responses, including, where to sign-out their child (if appropriate). As necessary, the Superintendent will coordinate the use of district resources in cooperation with the Incident Commander and request assistance from County Emergency Management Office, the American Red Cross and other agencies as appropriate
8. The Building Administrator will keep the teaching staff, the school nurse, the custodial staff, and the cafeteria staff informed.

Cortland Enlarged City School District
District-Wide Safety Plan

3. STANDARD EMERGENCY RESPONSE PROCEDURES - 155.17(c)(1)(xv) - continued

C. HOLD-IN-PLACE

A Hold-in-Place procedure is most commonly used to clear hallways of students and staff in the event that emergency services or other situations require a quick response through the school. Teaching can still be conducted during this action. Staff and students will be informed of a Hold-in-Place via the PA announcement. The following procedures will be followed:

1. Once notified of a Hold-in-Place, staff will quickly scan the hallways for their students and bring them into the classrooms.
2. Students will quickly move to their classrooms and stay in place until further notice.
3. Staff will be notified via a PA announcement to release students.

D. EARLY DISMISSAL

An early dismissal is appropriate in the event of a system failure, such as heating, plumbing or electrical failure, that renders the building unsuitable for instructional purposes. Early dismissal may also be a viable option for other emergency situations as decided by the Superintendent. Each Building Level Emergency Response Plan shall contain provisions on the development of a telephone tree or similar notification for communications with parents/guardians regarding the early dismissal. That information is detailed in the Building Level Plans. Notification should be made to local law enforcement and school crossing guard liaison.

1. Early dismissal is available as a building evacuation option for emergency situations as decided by the Superintendent, or his designee.
2. Similar to evacuation, early dismissal (or “go home”) is merely a procedure for getting students out of the building and united with their families or with responsible individuals who have been designated by the parents to care for the child in their absence.
3. Emergency contact information will be utilized to facilitate uniting students with their families or with responsible individuals who have been designated by the parents to care for the child.
4. Early dismissal will follow normal dismissal procedures unless the situation warrants otherwise. The Building Administrator, or designee, as the emergency dictates, will select alternate dismissal procedures and/or loading areas.

E. LOCKDOWN

A Lockdown procedure is appropriate for situations, which mandate that students remain in one location until authorized to move. The Lockdown procedure is also detailed in the Building Level Emergency Response Plan. General procedures are as follows:

1. A Lockdown procedure is called when leaving or walking through the building would endanger the health and safety of the students or staff (i.e., dangerous intruder).

LOCKDOWN (CONTINUED)

Cortland Enlarged City School District
District-Wide Safety Plan

2. The Building Administrator, or designee, will apprise all building occupants of a Lockdown order using a plain language announcement. Students and staff shall remain in their classrooms or work area until Law Enforcement Officials and/or Building Administrator open the door.
3. The Building Administrator will contact local 911 emergency responders and notify the Superintendent.
4. Building staff shall lock their doors and secure students out of the line of sight from the hallway.
5. Parents will be advised as to preferred responses, and are NOT to report to the school to sign out their child. The Superintendent, or designee, will provide information and updates to parents and the media at the media reception area at a predetermined location.

F. LOCKOUT

A Lockout procedure most commonly used when the incident is occurring outside the school building, on or off school property, which allows the school to continue with the normal school day, but curtails outside activity, and allows no unauthorized personnel into the building.

1. The Building Administrator, or person-in-charge, will apprise all building occupants that Lockout procedures are being implemented using a plain language announcement.
2. The Building Administrator will contact local 911 emergency responders (if not first apprised by law enforcement) and notify the Superintendent.
3. Classroom instruction can continue.
4. Students/staff who are on the school grounds are to return to the school building.
5. The Building Administrator will assign selected staff members and/or custodian(s) to secure the building.
6. The main entrance will be monitored. Only AUTHORIZED personnel will be allowed in the building
7. Modify normal dismissal procedures as appropriate.

Cortland Enlarged City School District
District-Wide Safety Plan

4. **PREVENTION AND INTERVENTION STRATEGIES - 155.17(c)(1)(iii)**

The Cortland Enlarged City School District operates a number of programs, some at the District and building level, which deal with School Safety Officers and other security personnel, nonviolent conflict resolution training, peer mediation, and other school safety programs. These programs have specialized components to reduce and eliminate the possibility of student violence. See Section 6 for a list of intervention programs and services currently available at the Cortland Enlarged City School District:

A. **STUDENT INTERVENTION PROGRAMS**

1. The Code of Conduct prohibits bullying, intimidation and harassment. Students engaging in such behavior are dealt with immediately. Students who are victims of such behaviors are given the necessary support services and their parents are notified.
2. The students are closely monitored by trained staff and any indication of violent behavior, e.g., rumor of weapons, is immediately followed up with the involvement of local law enforcement, social services, mental health services and parents.
3. When students express any suicidal or violent intentions, the staff member alerts mental health services and parents, sometimes leading to hospitalization. Follow-up occurs as appropriate on the part of the school staff with providers of clinical psychological and/or psychiatric care.
4. When there is any suspicion of abuse, appropriate agencies are notified and investigations are initiated. Mandated reporting expectations are honored, always involving the building administrator in concert with the school social worker, school nurse or school psychologist.
5. The programs serving students that provide services include individual counseling, referrals for psychiatric evaluation and/or therapy delivered through private clinicians or the local hospital(s). Services provided by the district include social workers and/or school psychologists meeting with students and families as appropriate.

Cortland Enlarged City School District
District-Wide Safety Plan

5. **EARLY DETECTION OF POTENTIALLY VIOLENT BEHAVIORS – 155.17(c)(1)(xii)**

In order to prevent violence before it begins, staff and students should look for certain warning signs of potentially violent behavior. This information is presented to staff and students in September and is reviewed periodically throughout the school year. The following list was adapted from the International Association of Chiefs of Police, Guide for Prevention of School Violence. Students and staff who notice these signs should notify a teacher or administrator. Administrators should contact parents, counselors, and or law enforcement officials.

A. INDICATIONS OF POTENTIAL VIOLENT BEHAVIOR:

1. Has engaged in violent behavior in the past.
2. Has tantrums or uncontrollable angry outbursts.
3. Continues exhibiting antisocial behaviors that began at an early age.
4. Forms and/or maintains friendships with others who have repeatedly engaged in problem behaviors.
5. Often engages in name-calling, cursing, or abusive language.
6. Has brought a weapon or threatened to bring a weapon to school.
7. Consistently makes violent threats when angry.
8. Has a substance abuse problem.
9. Is frequently truant or has been suspended from school multiple times.
10. Seems preoccupied with weapons or violence, especially associated with killing humans rather than with target practice or hunting.
11. Has few or no close friends despite having lived in the area for some time.
12. Is abusive to animals.
13. Has too little parental supervision given the student's age and maturity level.
14. Has been a victim of abuse or been neglected by parents/ guardians.
15. Has repeatedly witnessed domestic abuse or other forms of violence.
16. Has experienced trauma or loss in his/her home or community.
17. Pays no attention to the feelings or rights of others.
18. Dwells on perceived slights, rejection, or mistreatment by others; blames others for his/her problems and appears vengeful.
19. Intimidates others, or is a victim of intimidation by others.
20. Seems preoccupied with TV shows, movies, video games, reading materials, or music that expresses violence.
21. Reflects excessive anger in writing projects.
22. Is involved in a gang or antisocial group.

24. Expresses sadistic, violent, prejudicial, or intolerant attitudes.
25. Has threatened or actually attempted suicide or acts of self-mutilation.

B. INTERPRETATION OF WARNING SIGNS

The fact that a student exhibits the behaviors above does not necessarily mean that such student is violent, therefore, everyone concerned must take precautions so that students are not needlessly stigmatized.

6. COMMUNICATION, EARLY DETECTION AND REPORTING OF POTENTIALLY VIOLENT BEHAVIORS - 155.17(c)(1)(xvi)

The Cortland Enlarged City School District is committed to providing appropriate and quality intervention services for its students. Programs and strategies are developed and provided based upon careful assessment of student and community needs.
